COSC 460 – Advanced Data Science
Schedule – Spring 2020

Week 1: Previously on Introduction to Data Science.
Week 2: Why isn't data unbiased?
Week 3: More classification techniques.
Week 4: More classification techniques, part 2.
Week 5: Miniproject 1 due 2/21, 11:59pm.
Week 6: Advanced regression.
Week 7: Recommender systems.
Week 8: Advanced data visualizations.
Week 9: Miniproject 2 due 3/27, 11:59pm.
Week 10: Major project introduction.
Week 11: Data science project planning.
Week 12: Neural networks and data science.
Week 13: Introduction to deep learning.
Week 14: Catchup and major project cleanup.
Final Presentations 5/8, 10am, SH 160
